### Boat ideology:

We want your clients to get the full experience of being on the water. We have put your clients in front of the captain so they are there with nature. They can feel the warm wind & small water droplets as they have a lot of fun. No client should leave the boat not having smiled once. This is an all-family boat, from small children to the elderly, everybody feels welcome and not threatened. Even the adrenaline junkie won't feel bored. The boat looks beautiful and robust so you have to spend less on marketing & the boat is easy to maintain. An aluminium boat is an investment for a long time for your business profitability.

Seating for 20 passengers and 2 crew!

The speedboat for a wider audience. Service anybody from small children to the elderly safely and comfortably. The boat has seating for 20 passengers in the front deck and seating for two crew members at the back in the cabin.

Eye-catching design!

The boat was made to stand out from the crowd and get more customers. With underwater lights and flashy colours, your boat can be its own marketing machine.
